**A History Of
The St. Louis Division
And Carbondale, Illinois**

A 20 page booklet on the history of the Illinois Central,
the railroads of Carbondale and the St. Louis Division

This booklet measures 8 1/2" X 11", and contains 40 black and white images from the 19th Century through the 1990s, in addition to maps and timetable entries from the 19th Century. The booklet chronicles the construction of the Illinois Central and the railroads that would make up the St. Louis Division, including the Cairo Short Line, the Chicago & Texas and their predecessors. The growth, heday and decline of the division and Carbondale's railroads are covered, and the St. Louis Division's early years have not been covered like this ANYWHERE!

**Carbondale,
The Railroad
And The Old Depot**

A 47 Minute documentary on DVD

This documentary was produced for Station Carbondale in 2017, and covers the railroads of Carbondale through vintage films, video, photographs, maps, and images from the mid-19th Century through the takeover of the Illinois Central Railroad by the Canadian National Railway. The story of the Illinois Central is covered, as are the Grand Tower & Carbondale, the St. Louis Coal Railroad, the Carbondale & Shawneetown, the Cairo Short Line, the Chicago & Texas, and the Murphysboro & Southern Illinois interurban line.
